

An aerial photograph of a two-lane asphalt road winding through a dense forest. The trees are in various stages of autumn, with some showing bright yellow and orange, while others remain green. A white truck is visible on the road, moving away from the viewer. The overall scene is vibrant and scenic.

A smaller, inset photograph showing a dirt path leading through a forest. The trees are heavily colored in shades of orange, red, and yellow, indicating peak autumn foliage. The lighting is soft, creating a warm and inviting atmosphere.

Unity + Community = Partnerships

Unity + Community=Partnerships

The humanity of this program is that once the coats are delivered to the schools the principals, teachers, school nurses, social worker, and guidance counselors contact the parent/guardian of the child in desperate need of warm fitting outerwear.

The parent/guardian stops into the school to pick up the new coat. The child returns the next day with a winter coat in their proper size, suited for our Ohio winter weather.

The child's dignity remains intact, and the student's health isn't at risk because our Ohio community came together and simply said yes.

Our voiceless, invisible children need us to hear and see them and respond with humanity.

We're entirely volunteer-run

No one person, nor one company can solve the economic challenges families face every day, but we can collectively, child by child meet the needs of our youngest vulnerable citizens who in return offer to us the opportunity to each say "yes, we will become the bridge for wellbeing. We will community partner with others to make the goal more attainable." There is power in our yes as a community. Beverly Robinson-Founder

A young girl with dark, curly hair is peeking over the top edge of a brown cardboard box. She is looking directly at the camera with a slight smile. The background is a blurred indoor setting with warm lighting.
